### **INTRODUCTION**

The Label Neptis LET power door closer (Stannah ref: 6103831) has been made obsolete and has been replaced by the Label Neptis Plus NB-LET (Stannah ref: 6104112).

With this change Label have introduced a new handheld programmer which is NOT backwards compatible with the previous model.

### **ENGINEER ACTION**

Engineers must ensure that the correct handheld programmer is used when programming the Label Neptis closer.

For details of which handheld programmer is required for each Label Neptis door closer refer to page 2.

For initial set-up details and default parameters refer to the product specific wiring manual.

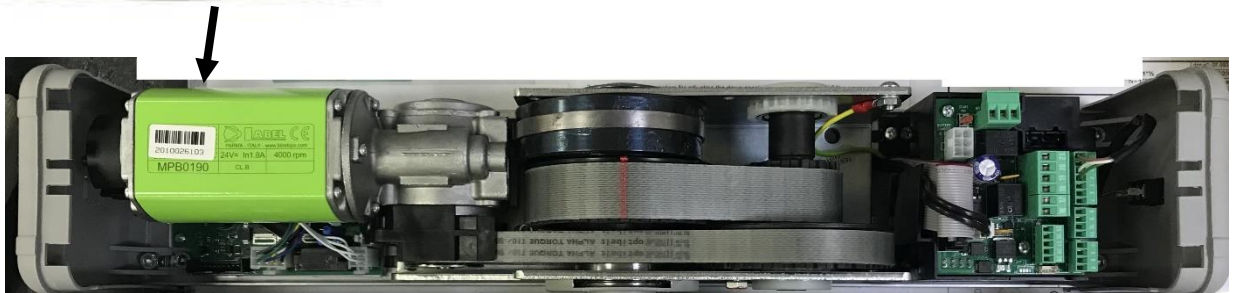

The new programmer (Stannah ref: 9449097) can be ordered through Stannah lifts spares department.

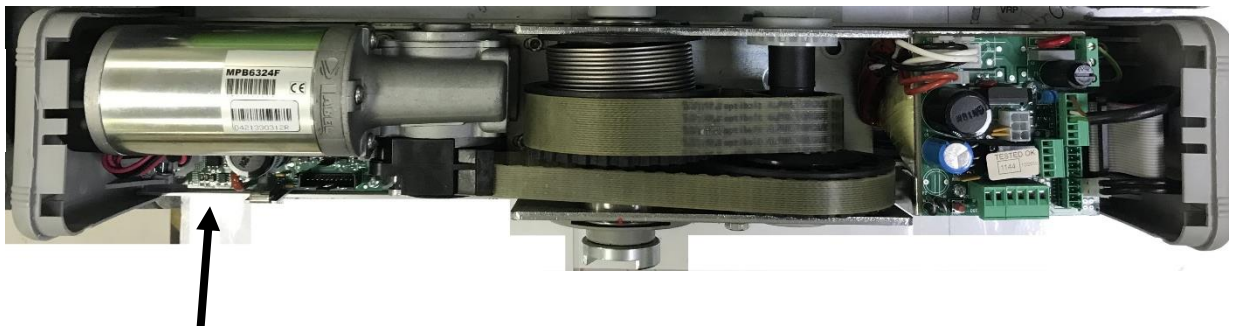

**New Programmer (Stannah ref: 9449097).**

Identified by the green leaf on the top right-hand corner, can **ONLY** be used with the new Label Neptis Plus NB-LET power door closer (**Stannah ref: 6104112**) identified by the green motor.
