## TECHNICAL BULLETIN

### **SAFETY ISSUE**

---

**For the Attention of:** SLL Testers, Subcontract Installers, Installations Manager  
and Contract Managers, Service Branch Managers.

**From:** Tony Knapp, Product Support Engineer.  
**Date:** 23 June 2019  
**Product:** Xtralift 2.0 (MP)  
**Subject:** Car top & Control Cabinet wander lead lamp  
**Pages:** 3

---

**Originator:** Stannah Lifts Ltd, Anton Mill, Andover, Hants SP10 2NX 01264 339090

---

**This Bulletin supersedes the original Bulletin dated 13 June. The reason for this is the remedial and corrective action has changed.**

### Detail

On reflection, we have decided the remedial action in this matter is to dispose of the portable lamp, rather than test the lamp, and if found faulty, replace the long screw with the shorter one. The primary reason for this change is we are not confident we can identify any secondary damage the longer screw may have caused.

The corrective action is the replacement of the lamp with new from the factory with the correct screw in place at the point of assembly. These are on order and will be sent to each branch.
