## The Lifts Team - Key Contacts for Service Branch Personnel

*Richard Phillips  
New Contact*

### **Richard (Reg) Phillips Service Branch Co-ordinator.**

Richard has taken over from Helen Pennicott. He deals with the internal orders from the Service Branches, raises the orders and invoices and sends the items for dispatch.

If Richard is unavailable, then any one of the Production Engineering Team can advise.

*Dan Clark  
New Contact*

### **Dan Clark Electronics Engineer.**

Dan has been employed by Stannah Lifts for 7 years and has completed his apprenticeship under the watchful eye of Alan Mitchell. Dan is your contact for any technical questions relating to all Stannah Lifts products.

*Phil Evans*

### **Phil Evans Product Support Engineer.**

It is Phil's responsibility to write and produce all installation, user and technical manuals and ensure existing manuals and documents are kept up-to-date.

*Nick Dade  
New Contact*

### **Nick Dade Trade Sales Engineer.**

Nick has recently joined Stannah Lifts from Wessex. Nick is responsible for the trade sales of the Homelift and Stairiser and is your contact for the sale of these products.

*Alan Mitchell  
Retired*

### **Alan Mitchell Retired.**

Alan will be consulting for us on the last Friday of every month until March 2002. So any really tricky technical questions can be forwarded to Dan Clark to be put to Alan.

*Pete Lockton*

### **Pete Lockton Technical Adviser/ Trainer.**

Pete offers technical backup to the Service Branches and trade customers. He also undertakes troubleshooting and is one of our training team.
