

**Stannah Lifts Technical Bulletin**

**Issue No:E 1**

**Date:07/ 05/ 96**

**Page 1 of 1**

**LIFT TYPE**

Passenger Lifts

**DESCRIPTION**

From April 1996 all Star Delta starting pump motor circuits will show a slight change to the control panel mains wiring.

This will not effect the site wiring connections, but should the rotation of the motor need reversing follow the instructions shown adjacent to the motor mains connection on the key wiring diagram
